Featuring classroom technology designed to help instructors get out from behind the podium to better engage their students:

- Wireless Projection
- Hand-held Devices for Remote Controlling Presentations
- Presenting and Polling Students with Tablets
- Connecting Remote Instructors, Guest Lectures, and Students via Video Conferencing

1. **WATCH** our 1 hour Showcase
2. **TRY OUT** these new tools during our breakout session
3. **START TEACHING** with this technology in your class

**Presented by Digital Classroom Services**

**Wednesday May 6th**
(Reading Day #2)
